You can coordinate with  
Bill Arguto to ensure the region is present for the conference.

Wanda: Will you be able to join in via teleconference for the opening  
conference on September 22 (about 9 AM) and for the close debriefing on  
Friday September 25? The opening usually takes less than 1/2 hr. and the  
closings are usually about an hour. We can call you from WV during that

week when we have a firm time for the Friday closing meeting. We used this approach for the Washington Aqueduct Lab with Jennie Saxe and it worked well I think. Also, please feel free to invite your State counterpart to these tele-meetings as well. Thanks, JoeS

Hardcopy of SDWA On-site Assessment Letter

I apologize for not sending the hardcopy material as the electronic announcement and attachments sent back on 6/17/09 had promised. I guess we are so into the electronic approach these days we just forgot to send it. This material has been sent by FedEx.
